## Education Notes

### **Student musicians to perform in project**

HISD students are participating in a statewide project today designed to increase support for music education in Texas public schools.

Texas singer and songwriter Kacy Crowley and student musicians from the Houston Independent School District are part of the Texas Music Project and will perform from 7 to 9 p.m. at Starbucks Coffee at 5115 Buffalo Speedway.

Today's event is part of a four-day, statewide coffeehouse concert tour for the project, which includes stops in Austin, Dallas and San Antonio.

One project fund-raiser is a CD, *Don't Mess with Texas Music*, with music donated by Texas musicians.
